This October, WHFC and Adoption Associates, a post-adoption counseling practice, will co-host a discussion on visiting adopted children's birth countries. Returning to your child's birth country can be richly rewarding and life-changing!

It can also be a complex journey...

- How do you know if travel is right for your child?
- Is it the best time?
- How can you help your family prepare? What feelings might surface, and how should you respond?
- What are the best options?
- What support is available afterwards?

Join us! You'll learn and share with post-adoption professionals and families who've made the journey. You'll leave with the insights to make the best decisions for your child.

*"We must not cease from exploration and the end of all our exploring will be to arrive where we began and to know the place for the first time."*

*–T.S. Eliot*
